

Submitter: Laurie Dougherty

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure: SB907

Chair Taylor, Vice-Chair Bonham and members of the Committee,

My name is Laurie Dougherty. I live in Salem. I support SB 907. Workers often face on-the-job hazards. It is important that they be able to make decisions to protect their own health and safety, including whether or not to work under a particular condition. As climate change causes or increases incidents of severe weather, outdoor workers face more health and safety hazards from extreme heat, wildfire smoke, and violent storms.

I urge you to support SB 907. Thank you for the opportunity to comment.
