

Submitter: Martin Scheer
On Behalf Of: The reasonable people of Oregon
Committee: House Committee On Judiciary
Measure: HB2006

This bill is an unreasonable restriction upon legal adults. It is legal to join the military to likely be armed at the age of 18 and defend our country from enemies foreign and domestic just to return home to be faced with government overreach and restriction. This bill is again, nothing but an unreasonable restriction upon legal adults and law abiding citizens.
