

Submitter: Martin Scheer
On Behalf Of: The reasonable people of Oregon
Committee: House Committee On Judiciary
Measure: HB2007

The entire premise behind a CHL is to carry in a public place CONCEALED and UNBEKNOWNST to the people around you, specifically for those looking to cause harm to you and others. To obtain a CHL, you are required to take a class to become certified to carry a handgun concealed. There is no reason that a CHL holder should be restricted from PUBLIC buildings and places on the premise that they are lawfully exercising their right to defend themselves.
