I am writing to urge you to vote against Bill HB 2665. This bill would have a devastating impact on our community and would be a step in the wrong direction for our state.

Here are the reasons why I oppose this bill:

- This bill limits the wages of working people.
- We cannot afford to lose critical labor right now in an already short-staffed landscape.
- Wages are not controlled in other positions, so why should they be in the medical field?
- Lower wage positions will leave for gig jobs, which will only exacerbate the problem.
- If we are not smart and continue to limit what people can make, then people will leave our state, and others will not move to our state. This will have a negative impact on our economy and our community.

I urge you to vote against this bill and to work to find alternative solutions that will benefit our community. Thank you for your time and consideration.
