

Submitter: Jane Herb

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

Children must not be mutilated or given treatments that are life-altering. This bill is sick and twisted and will irreparably harm the most innocent in our world. If adults want to do this to themselves, that is another story. Children must be protected; this bill will cause children to be abused, without consequences and without parents being aware. NO ON HB 2002.
