

Submitter: John Newman
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3214

Honorable Members of the House Committee on Judiciary,

Why not put the names of these animals in plain English so lay people can understand what is being banned. Shame on those who wrote this bill in this way to try and hide it from the public. It appears you are trying to outlaw zoos where an educational program may include these animals. Also to stop 4-H programs, fairs including community parades which may include some of these animals. This is just a bad bill. Please oppose this bill and stop it in committee!

Thanks for your kind consideration of this request to oppose HB 3214

Sincerely yours, John F. Newman
