

Submitter: Judy Tannehill  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure: HB2006

Great article in the Oregon Capital Chronicle on Thursday, March 16, titled "Oregon lawmakers propose measures to stem gun violence, stem 'ghost guns' by Ben Botkin

I am writing to ask for each legislators' serious consideration of passing what are:

- HB 2005 – outlawing ghost guns and guns without serial numbers,
- HB 2006 – to raise the legal age to 21 for possessing what many call 'weapons of war', and
- HB 2007 – giving public entities with public spaces the option to prohibit the carrying of concealed weapons on those properties even if the individual is licensed.

I am a sixth generation Texan who recently moved to Oregon, and I am so glad that I did. I pray that someday soon, Texas legislators will make similar common-sense proposals to protect Texas residents and children.

Respectfully, Judy Tannehill, Corvallis, OR
