Committee: Senate Committee On Judiciary  
Measure: SB348

Members of the Committee,

In opposition to SB 348, I don't think that a study is necessary. The simple answer is to impose high bails on violent offenders, end early release for violent offenders and enforce the laws. Actions should have consequences. If a violent offender is in jail, they will not have guns. Instead this legislature seems hell bent on attacking law abiding gun owners.

Do the right think and address the real problems. Another feel good study will do nothing.

Respectfully
