Committee: Senate Committee On Education

Measure: SB596

Chair Dembrow, Vice Chair Weber, Members of the Committee,

I am pretty confident schools already track this... I would support this for the purpose of giving more to these kids but I am always leery to add one more thing. I think in this instance, I am for this- just because we need to know and have this happen for these kids. I can tell you though- that if you create a grant program that supports these kids and it requires data, then the schools will do it. So this may be a redundant bill.

Thank you again for your time!!! Yay education!! :)

Blessings and thank you for your service!

Emily McIntire
