

Submitter: Kurt Williams

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

Evil. Pure, unadulterated evil. You people are sick and depraved. I pray to God this bill is stopped and anyone connected to this bill is fired next election cycle. Jail isn't punishment enough for your crimes laid out in this bill. You will have to answer for this bill for eternity.

The children you're harming will have to deal with effects for their entire lives. The parents of these kids will have to live in anguish as their children take their own lives because the Oregon Legislature decided to play Mengele. I hope supporting this bill haunts you for the rest of your miserable existence.

These children you're attempting to maim are not wards of the state, not guinea pigs for your sick social experiments. Children are NOT YOURS. Hands off our kids you sick freaks.
