

Submitter: Christy Richert

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

I STRONGLY OPPOSE HB2002.

Not only are young girls not mentally or emotionally equipped or mature enough to be making life altering, permanent decisions like this on their own that WILL have life long repercussions and trauma, the opens the door for sex offenders to continue taking advantages of young girls, without punishment or consequence. This is a terrifying and horrifying bill. I do NOT support this bill.
