

Submitter: Jermaine A Williams

On Behalf Of: Mission Field NW Church

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3459

To the Oregon legislature

I'm writing my letter of support for measure HB 3459

As one who works in our city among the populace and Faithfully serving residence of low-income housing it is my testimony and belief that this measure will help multiple family structures thrive to do better. One of the dangers that faces families and individuals with little to no income due to loss of job security is during the winter months of late December to early February especially here in Oregon, to find that their electricity or Heating disconnected because of non-payment is disappointing and heartbreaking. I believe this bill will be a helping hand to many that are in need of relief in our communities.

Thank you for your consideration

Sincerely

Bishop Jermaine A. Williams
Mission Field NW Church
