

Submitter: Bonnie Staley

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB1051

This bill would help to ease the crisis for developable land so cities can continue the process of allowing more housing to be built. It would have positive repercussions all around-allowing housing to be built for our most needed infrastructure workers- teachers, med techs, lab techs, store clerks, nurses, fire fighters. Our city will become stronger & more viable if we can support the people who want to live & work here.

PLEASE SUPPORT SB 1051. Thank you. Bonnie Staley
