

Submitter: Joan Kalvelage

On Behalf Of: SOCAN

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2990

Three friends lost everything in the Alameda fire. A son lost everything--barely escaping with his life--in another recent wildfire. Two other sons--with rural homes in Jackson and Josephine Counties--have been evacuated due to wildfire close calls. So I am very aware of the enormous benefits--psychological as well as practical--that resilience hubs can make survivors of climate-driven catastrophes. Please pass this bill.
