Chair Nosse, Vice Chairs Goodwin and Nelson, and Committee members

My name is Sara Meyer and I write in support of HB 2002.

I've birthed 3 sons, and obtained 2 abortions with the same husband. We also borrowed a teenage son to make our family complete.

Having children and raising them to be good citizens is the greatest responsibility and joy I have had. Knowing when we had the time and financial security to have those children was a choice we made to be the best we could be.

HB 2002 continues to enable good parenting. Thank you for supporting family healthy choices.

Sincerely

Sara Meyer
