

Submitter: Ralph Thomas

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

Confined animal feeding operations (CAFOs) notoriously mistreat animals. Industrial CAFOs are not “farms” – they are animal factories. Factory farming is notoriously anti-competitive and is harmful to the free market and the economy. Animal waste is a huge contributor of greenhouse gases. The -1 Amendment to SB 85 will have positive environmental impacts.
