Measure: HB2005

Dear Legislators,

I urge you to support HB 2005. In my mind, I am unable to imagine a use for undetectable firearms other than to try to circumvent the law. People who have nothing to hide would have no use for a ghost gun other than perhaps to impress some friends. Getting around metal detectors, avoiding background checks, having a gun that is not traceable point to "bad guys with guns". I believe keeping guns away from bad guys is a solidly bipartisan goal.

Thank you for your consideration and your vote in support
