Measure: HB2005

In 1998 Kip Kinkel killed his parents and proceeded to shoot 25+ high school students killing two. My community and my sons high school was rocked to the core. What has been done since that time to protect our children, our brightest hopes for the future? I'll tell you, darn little.

The legislation proposed for this session includes:

HB 2005 - banning ghost guns

HB 2006 - raising the minimum age to purchase a semi-automatic rifle from 18 to 21

HB 2007 - allows city and county governments to opt in to ban concealed carried firearms

While it will make a dent, no it won't stop all mass shootings, but it will tell your constituents that you are doing the job of the government, protecting its citizens. It will tell us that you give a damn. We'll do you? Vote for these Bills or let us all down.
