

Submitter: Chase Neuenschwander

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

To whom it may concern,

As a citizen of Portland and of Oregon I fully support this bill. I believe everyone has a right to their own body and their own decisions and it is not the place of someone else to tell them no, block, or dissuade them in any way without their knowledge or consent. No person should be forced to live in a body that they feel like is not their own or be made to reproduce when they are neither willing or prepared. We should be better than that as a people. I hope that in these troubling time Oregon can be a safe place for all of those who want to have full autonomy over their own bodies and health.

I thank you for reading my testimony,
Chase
