

Forge New Possibilities for Success

REAL SOLUTIONS FOR MANUFACTURERS

Who Is OMEP?

- The Oregon Manufacturing Extension Partnership (OMEP) is a Private-Public nonprofit Management Consulting firm funded by federal, state and client funds established in 1996 to provide services that help small and medium manufacturers to improve competitiveness in the global market.
- Federally funded under the Department of Commerce, OMEP is part of a national network of Manufacturing Extension Partnerships in every state of the U.S. As part of the National Institute of Standards and Technology (NIST), MEP provides technical support to manufactures in business financials and strategy, manufacturing operations, and workforce solutions.
- 23 staff based around the state with offices in:

Mission

**OMEPA works side by side with
Oregon manufacturers to help build
successful businesses**

SIDE BY SIDE

**SUCCESSFUL
BUSINESSES**

OMEPA Service Offerings Summary

MANUFACTURING OPERATIONS

- Operational Excellence
- Manufacturing Engineering
- Technology Solutions

BUSINESS MANAGEMENT

- Financial Understanding
- Growth Services
- Strategic Planning and Deployment

WORKFORCE SOLUTIONS

- Organizational Structure & Alignment
- Leadership & Employee Development
- Structured On The Job Training

Measuring OMEP Success

- As an MEP center, OMEP is measured by the real-life results we bring to our clients. An independent third-party contractor, hired by NIST, surveys our clients six months after the end of an engagement to determine the impact on: new and retained jobs, increased and retained sales, cost savings and new business investments.

State Funding Supports Rural Manufacturers

- Direct client reported impacts by rural* clients in NIST Survey over past two years:
 - 1,067 direct jobs created/retained
 - \$268 M total impacts

* State definition of rural is outside Portland Metro region.

OMEP Client Success Story

Zuñiga Foods

Karla Lawrence – Zuñiga CEO & OMEP Board Member

- The Zuñiga (**pronounced zoo-knee-ga**) story began when Cecilia Zuñiga Sibelian started preparing homemade, hand-diced salsas for potlucks and family get-togethers. Through numerous revisions, she was able to capture the subtle flavors of Old Mexico with contemporary tastes. Her salsa became a party favorite and many asked for the recipe. On one fateful occasion, a friend of Cecilia requested four containers for a weekend party and was willing to pay for them. From this innocent request an idea was born.
- *The issues facing Zuñiga*
- *Reaching out to OMEP*
- *OMEPs approach*
- *Solutions*
- *Impact*
- *Future for Zuñiga*

2002-2022 Client Reported Impacts Thru NIST Survey

JOBS CREATED & RETAINED	COST SAVINGS	NEW & RETAINED SALES	INVESTMENTS IN PLANTS / EQUIPMENT
18,000	\$298 Million	\$2.5 Billion	\$510 Million

IMPLAN Results 2002-2021

Using the independent client NIST survey results, the Northwest Economic Research Center (NERC) calculates the full multiplier impact through an IMPLAN study each year. Results from 2002-2021 (there is a one year lag in IMPLAN analysis to capture full year of data:

EMPLOYMENT	DIRECT OUTPUT	TOTAL OUTPUT
35,005 Direct and Indirect	\$3.3 Billion	\$5.8 Billion

Projects Surveyed: 1,211

State Dollars Leveraged – Used to Match NIST Award

Funding	OMEP Biennial Revenue 21-23	% of Total
Client Service Revenue	\$3,958,496	31%
NIST Base	\$4,335,416	34%
State Funding	\$2,000,000	16%
Other NIST/Special Awards/ DOD	\$1,909,856	15%
Ec Dev/Partner Funds	\$618,906	5%
Total	\$12,822,674	100%

State Funding used to match NIST Base Funding statutorily required 1:1 match (currently, base award match has been temporarily waived by NIST due to COVID-19)
