

Submitter: Donna McCartney Smith

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2005

I am Donna McCartney-Smith, voting resident of Marion county, district 20. HB2005 offers law enforcement agencies desperately needed tools to curb the ghost gun revolution. Passage of this bill would not infringe on any Second Amendment Right to legally purchase and hold a weapon of another kind. We are already regulated as to what types of weapons one may own.

Thank you for your time.
