On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

please understand that this bill will hurt children and hurt relationships between children and parents. we don't allow children to drive until 16, drink alcohol before 21. these are things that a growing and maturing child learns. the state or school does not have any right to hurt a child, they are there to help children learn and mature with wonderful common sense. this does not help at all. please vote no on HB 2002
