Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

I'm 100% against(opposed) this Bill HB2000

I can list out numerous reasons why this is a horrible bill. The #1 reason is that the Government cannot take the place of God. God created man and woman and nowhere in the word of God does he permit humans to change his creation. We were all created in the image of God almighty and this bill mocks God and I will say that people in the Old and New Testament that mocked God paid a severe price. This Bill is anti child/teen. Instead of trying to change a child's gender why don't you put your efforts at helping the children and teens of this State. Volunteer, help with Kids and Youth ministry. Teens and Kids are valuable and we should not allow them to be hurt. This bill needs to be defeated at any cost.
