To whom it may concern,

What is going on in the United States of America is wrong.

You have no right to enter into our schools and brain wash our children, our grandchildren.

My prayers will always be for the young. Until they come of age you have no right to manipulate them. They will not be able to understand the consequences of these things you are doing to their lives.

"God" gave them to us parents to raise them best we can with His help. You have no rights here. If you go forward with the things you are planning, our God & savior will see that you do not succeed.

I know God is in control of all things, but he wants us to do what we need to do as parents and grandparents.

Thank you,
