

Submitter: Carol Hoon

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

Hello!

I provide housing in Grants Pass for 4 lovely families. If your proposals are implemented, I will be selling my rentals and leaving the state of Oregon for a free state. Inflation and your endless regulations are making it nearly impossible to continue to do business in the beautiful state of Oregon.

I hope you will reconsider your restrictive measures. Time and again, they have proven to make things worse for those who need affordable housing the most. We have only to turn to New York City and San Francisco to see the effects of similar measures.

Thank you for your time and consideration.

Sincerely,

Dr. Carol Hoon
