Development
900 Court Street NE
Salem, OR 97301

Dear Joint Ways & Means Subcommittee on Transportation and Economic
Development: I'm writing to ask that you approve the 2023-25 operating
budget for the Oregon Film and Video Office.

Oregon Film is instrumental in driving jobs and economic spending to the
state and maintaining the strong production ecosystem that we've built
here over the last decade. Besides serving as a key recruitment entity for
the state the Oregon film has been a key innovator and helped to improve
the reputation of the state as a great place to work. these improvements
include workforce development and advice and support to Oregon lead
individuals and companies.

It's especially imperative now as the state transitions out of the pandemic
that Oregon Film remains strong to help contract the narrative that
Oregon's best days are behind us. The filming in the state that the office
facilitates is a key driver for disproving that idea.

Please approve the 2023-25 operating budget for the Oregon Film and
Video Office

Sincerely yours,

David Cress
