Measure: HB2002

I oppose HB 2002 and offer this:

This is not opinion:

Any man or woman with their children on the land and soil of their State, Commonwealth or Territory, without ruler or subject in the de jure jurisdiction and local venue of their Article III one supreme Court claiming original jurisdiction can expatriate to any jurisdiction such as US citizen, State national, foreign agent, State citizen, peaceful inhabitant, continuous traveler et alia; not repudiate, as each jurisdiction is available to our social compact of ARTICLE I Section 1 of Oregon's Constitution circa 1859. This is also yours by Full faith and Credit of The United States of America's Constitution circa 1859. I/you/we/they/he/she can assemble into a Jural Assembly with one goal: return to a Constitutional republican form of de jure government this year 2023. Or not! Regardless of my/your/our/ their participation in anything else.
