Measure: HB2005

I am a gun owner. I support the attempt to limit the manufacturing, importing, offering for sale, and transferring ownership of "undetectable firearms."

I believe most Oregonians agree that we need to protect our schools, churches, grocery stores, and other public places from undetectable firearms. I think we can all agree we need to do all we can to prevent more mass shootings.

Thank you for your service to Oregonians and for considering my testimony.
