

Submitter: Paul Emge

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2816

Luckily for me, the Mayor of Prineville wrote a very informative and sensible testimony opposing HB2816. I am opposed to this bill, but was not able to effectively write down what is wrong, and detrimental to our economy. Thank you Mayor.

I also agree with the arguments that this will favor a few companies, which happen to be big political contributors. Hmmmmm. Something more to think about when election off our representatives comes up, again.
