

Submitter: Seth Shenker
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2007

Anyone wishing to harm others with a weapon in a public building will not be deterred by this legislation. Licensed conceal carry permit holders who choose to follow the rules will give up their ability to defend themselves in and around public buildings.

Unless Oregon intends to set up armed security and metal detectors at every local DMV and library, this legislation is nothing more than feel-good virtue signaling.
