

Submitter: Sheilin Herrick

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

Vote "no" on SB 611. Instead draft and vote for bills that create affordable housing. Make it easy for people to get in, stay in, and thrive.

It is understandable that SB 611 aims to make housing more affordable for renters. However, the lack of affordable housing is caused by decreasing supply and increasing demand. The bill will fail to reach its goal because it does not create additional housing in Oregon's major cities.
