

Submitter: Brian Dirks
On Behalf Of:
Committee: House Committee On Rules
Measure: HB2004

Honorable members:

I oppose rank choice voting for the reason that the other states that use it don't help or represent the people as the Constitution calls for. One voter, one vote. I would submit that the US Supreme Ct will overturn this if it becomes law as it destroys the voting process it envisioned. We have much, much more important issues that Oregon is suffering through right now than this issue.
