

Submitter: Ruth Zuniga

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2990

Climate disasters and climate change are and will continue devastate our communities. Disasters and climate change add to the stressors and challenges of all communities but specially communities of color. Community resilience hubs can be one of the answers to support individuals and communities before, during and after disasters and help them bounce forward at difficult times. Thank you for considering HB2990
