

Submitter: Sandra Kerbow

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

I am writing to urge you to vote NO on HB 2002.

Parents are the ones who make decisions for their children, not the state. Parents are not the enemy.

I am the Mother of a daughter who had an abortion without my knowledge.

We have dealt with a lot of pain through the years as a consequence of me, her parent, not knowing about my daughter's decision.

Please Vote NO on HB 2002

Sandra Kerbow
