

Testimony in support of HB 2005

- I believe all people should go through a background check before purchasing or possessing a gun, and ghost guns circumvent this proven safety precaution.
- Ghost guns are showing up more and more in criminal activity - we must restrict their availability and use.
- We know that more gun laws mean fewer gun deaths. These laws work.

Ghost guns are untraceable, unregulatable and present an entirely new danger of gun violence into society. If we don't regulate them now, they will quickly spiral out of control.
