

Submitter: Matthew Junk
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2007

In absence of any actual criminal activity reported by CHL holders on public property this is unnecessary. CHL holders are generally responsible, respectable, contributing members of society and this proposal arbitrarily singles out a group as potential criminals that are by all definitions law-abiding. Also, this bill would have a very high likelihood of being overturned by a higher court if challenged.
