Measure: HB2006

I support HB 2006. It uses language and laws to limit the purchase of certain types of guns and weapons of mass destruction for persons in the 18-21 age range, while still allowing for the possession of hunting rifles, guns, etc. This makes sense. We have to start somewhere. There is no reason for a young person to purchase or possess a weapon of war. Several recent mass shootings (Bend Safeway, Parkland, Uvalde) we perpetrated by young men younger than 21. Let's limit a young person's ability to purchase such destructive weapons. We know that more gun laws mean fewer gun deaths. These laws work.
