Measure: HB2002

My name is Dove Rainbow. I am a PA in Family Medicine. I am writing to express strong support for House Bill 2002, Reproductive Health and Access to Care.

I work in a rural area where reproductive and gender affirming care are too often difficult to access due to geography, income, or insurance coverage. The abortion restrictions in Idaho have further increased need for reproductive health care in Oregon. As other states enact further restrictions, this bill increases Oregon providers' capacity to provide access to safe, legal reproductive, sexual, and gender affirming health care.
