

Submitter: Larry Williams
On Behalf Of:
Committee: House Committee On Education
Measure: HB3236

I would like to highlight this recommendation from a CTE report to the legislature (from page 24): "The Partnering State Agencies recommend that the legislature recognize the importance of these cross-agency Career Connect Oregon efforts by establishing a Career Connected Learning Network of agencies, using the model of the Interagency Compliance Network established in ORS 670.700." See the whole report here:
