Committee: House Committee On Behavioral Health and Health Care

Measure: HB3090

Dear Chair Nosse, Vice Chairs Nelson and Goodwein and members of the house committee on behavioral health and health care:

I am writing in support of HB 3090, the preventing nicotine addiction bill.

I am a college student at Oregon State University and I have seen the effects of nicotine addiction impact a majority of my peers. I know many of my close friends would have never become addicted to nicotine if it wasn't for the appealing flavors and devices that big tobacco market.

The passage of this bill will go a long way to prevent youths across from falling into the trap of nicotine addiction and the negative health impacts from it.

Sincerely,

Lily Weil-Pourfard
