

Submitter: Eileen Fromer  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure: HB2006

This solution is to provide clarity for what people 18 to 21 can possess and purchase, instead of a blanket prohibition on all firearms ownership. It's a compromise bill that I fully support. Several recent mass shootings (Bend Safeway, Parkland, Uvalde) were perpetrated by young men younger than 21. There is no reason for a young person to purchase or possess a weapon of war.
