Measure: HB2007

So, in essence this bill Authorizes NON CHL holders to freely flaunt the now "GUN FREE ZONE" with impunity. Helping the criminals to gain ground while subduing the law abiding, background checked individuals that have the constitutional right to stop and protect from such behavior. ARE YOU SERIOUS? Actually "Moms demand action" seriously think that Bloomberg's New York money will make for a safer place for Oregon but that is not the case. Dump this bill.
