

Submitter: Beth Vermont  
On Behalf Of:  
Committee: House Committee On Revenue  
Measure: HB3446

I am still in the process of rebuilding my home that burned down in 2020. It has been an expensive and arduous process. Raising my property taxes at this point will just add further financial stress and hardship. I support this bill. It will give me time to try and recover from this catastrophic event both mentally and financially.
