Measure: HB3390

I strongly oppose this bill. This is another unfortunate attempt to make many Oregonians life long love of the outdoor lifestyle and wise use of Oregon's many renewable resources. What this directly attracts is the Oregon trapper . Making the amazing use of this renewable,long standing resource CRIMINAL. with all the reasons Oregonians trap and harvest fur. With all the family time spent. With all the dad's and mom's teaching their kids to honor and love the land. Creating outstanding citizens. Passing this bill would be criminal. Thank you
