Measure: HB2005

I oppose HB2005, it is unconstitutional and will NOT stand up in court.

This measure would adversely effect many Oregonians, turning law abiding citizens into criminals with 10 years of jail time and \$250,000 in fines.

There is a long standing tradition in our country of making our own firearms, we are a nation of makers.

Criminals don't follow laws, so theses laws will do nothing to stop crime.

Don't drag Oregon into more lawsuits, Say no to HB2005
