

Submitter: Darielle Richards
On Behalf Of: Farmers Sgainst Foster Farms
Committee: Senate Committee On Natural Resources
Measure: SB85

I want to thank Senator Golden for his work on this proposed ammendment (-2) to SB 85. I fully support this amendment and accept that it only covers poultry. But I would suggest the moratorium should be longer than two years. 5 years would give more time to make things go right. I also suggest it should cover Tier 1 CAFOS.

Thank you for considering my thought on this important amendment on behalf of farmers and the community..

Sincerely, Darielle Richards P.h.D.
