On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

Chair Kropf, Vice Chairs Andersen and Walan and members of the House Judiciary Committee:

Gun free zones should include concealed carry! I have a student who attends a Portland Public high school. With the uptick in gun violence in the Portland area schools, I am fearful everyday that a shooting may occur at hers or other city schools. I urge you to support HB 2007 to make our public spaces safer, without gun violence.

Thank you,
Nicole Dorfman
