

Submitter: Holly Chamberlain

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3464

I am writing in support of HB3464 to support regulating beavers treatment on private property. We need beavers to keep our waterways healthy, our water quality healthy, and our communities healthy. The era of thr landowner being able to take actions that hurt our communities needs to stop. I wish this bill went further, but any little bit helps.

Please vote in favor of Beavers and our environment

Thank you
