

Submitter: Jim Welsh
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2005

I watched the informational meeting in regards to HB 2005, HB 2006 and HB 2007 and the of misinformation being put out by some of the 'invited speakers' was absolutely disgusting. On HB 2005, they are saying that "ghost guns" are somehow a problem and that one way to solve that problem was either confiscation or a 'buy back'. The government can not buy back something they never owner owned. And the government could never pass the required back ground checks. Confiscation is illegal, Ex post facto laws are illegal.

HB 2006 is unconstitutional in that it deprives a class of people their god given inalienable right, that being the Second Amendment. HB 2006 also violates 18 U.S. Code § 241 - Conspiracy against rights, in that If two or more persons conspire to injure, oppress, threaten, or intimidate any person in any State, Territory, Commonwealth, Possession, or District in the free exercise or enjoyment of any right or privilege secured to him by the Constitution or laws of the United States, or because of his having so exercised the same. And 18 U.S. Code § 242 - Deprivation of rights under color of law, in that whoever, under color of any law, statute, ordinance, regulation, or custom, willfully subjects any person in any State, Territory, Commonwealth, Possession, or District to the deprivation of any rights, privileges, or immunities secured or protected by the Constitution or laws of the United States.

Thank you,
