Support SB 868-871

Testimony:

I support the following Bills; (SB 868) (SB 869) (SB 870) (SB 871), as they will not only address the critical issue of climate but enable us to save on the cost of transitioning to cleaner energy for our homes. I will personally benefit from installing more energy efficient appliances in our existing home as well as planned construction of our new home.
